

COVID-19 VISITOR POLICY

Demerara Associates recognizes the impact the COVID-19 pandemic is causing and understands the importance of maintaining a safe and healthy environment for all its stakeholders. In an effort to continue to operate in what is now the “new normal,” measures are actively being implemented to mitigate the spread of this virus. This policy outlines the specific mitigation measures that apply to visitors to the Centre.

Scope

This policy applies to any person who is not employed by Demerara Associates and seeks to enter the premises. These persons may visit for any reason and may fall into the category of client, partner, contractor, delivery personnel or visitor.

Purpose

This policy was developed to comply with current national health guidelines and legal requirements as well as company requirements for ensuring all reasonable measures are taken to prevent the spread of COVID-19 in the workplace.

Policy Statement

Demerara Associates actively commits to taking all reasonably practical measures to ensure the protection of visitor’s safety and health while on our premises. In order to achieve this objective, steps will be taken to:

- Comply with all applicable legal and company requirements
- Identify and control any hazard related to COVID-19
- Commit the necessary human and capital resources to ensuring implementation of control measures
- Communicate with all stakeholders on what those measures are
- Investigate any incident related to COVID-19 at the workplace and determine root causes
- Inform anyone who has been exposed to the virus as a result of interactions with the Centre
- Update this policy as necessary to ensure the most reliable measures are always in place
